WHAT IS NEEDED FOR A DESIGN TO BE DONE:

Pictures of your home or area to be landscaped.

A drawn out "floor plan" of the area to be landscaped.

Accurate measurements of area to be landscaped?

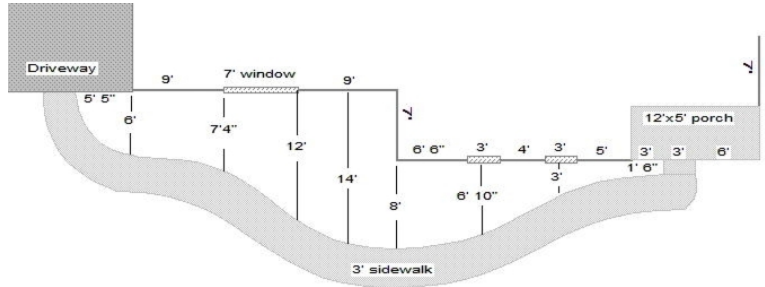

One or two feet can make a big difference!

Please indicate where windows are, how wide are the windows and how far off the ground, location and size of steps, sidewalks and porches; location of meters, well heads, lamp posts, drain pipes or any other permanent fixture; location of existing trees or shrubs near the area to be landscaped, etc...

Give correct locations of any plants that are existing in the landscape which you want to remain.

Indicate the maximum the area can be. (i.e. you can only go out 6 foot from the corner of the house, or the bed can only be 3 foot deep.)

**if you email the information to us, please keep the file sizes small. You can also text photos to us at 716-888-0318. Please include your name and address with the text.
