

# TURNBULL GARDEN CENTER 2026 BARE ROOT PLANT ORDER FORM

PLEASE PRINT CLEARLY & USE THE NAME/ADDRESS ON THE MAILER IF YOU RECEIVED IT.

Name \_\_\_\_\_

Street \_\_\_\_\_

Town/Zip \_\_\_\_\_

Phone \_\_\_\_\_

Email \_\_\_\_\_

## WAYS TO PLACE AN ORDER BEGINNING MARCH 16, 2026

Please send all 4 pages so that we know we have received the order in it's entirety. If sending via Email, Text or Fax, we will confirm the order has been received within 24 hours. If you have not received a confirmation after 24 hours, please try re-sending or try another method of submitting.

- 1..EMAIL this order form (jpeg or pdf) to [plants@turnbullnursery.com](mailto:plants@turnbullnursery.com) with the subject title "**Bare Root Order**"
2. TEXT your order to (716) 888-0318 including name & address or send a CLEAR photo of order forms
3. FAX order form to (716) 337-0318
4. Call (716) 337-2248 (After we open, it is very hard to reach us via phone during business hours as we help in store customers. Please leave a message, but calls may not be returned until after hours or the next day.
5. You can shop in person starting March 20, 2026. The Bare Root Barn is generally open until May 1<sup>st</sup>. All orders will be time stamped and pull in the order in which they are received.

We do not guarantee the availability of any plant material listed below. Once we have your completed order form, a Turnbull's Associate will hand select your requested plant material from our available stock. We will then CALL you to let you know what is available and to finalize the order by getting payment information. Due to the limited availability and selling period of bare root, once an order has been pulled and paid for, it can not be changed with out restocking fees. Orders can be picked up anytime during April. No need to notify us of picking up. You can just pick up anytime during regular business hours. We will not call you unless it is close to May 1<sup>st</sup> and you have still not picked up.

As soon as the weather allows you to plant, please do so. We can only hold your plants in our storage until about May 1<sup>st</sup>. If it is a wet spring, you will need to get some dry topsoil for planting as they must get in the ground no later than May 1<sup>st</sup>. Once plants leave our cold storage, you will want to get them in the ground within 5 days. Store the plants in a cool place protected from the wind and sun. Keep the roots damp. If the plants are already leafing out, that foliage may burn off after planting and should re-leaf in 3-4 weeks.

### 2026 Spring Hours

visit [turnbullgardencenter.com](http://turnbullgardencenter.com) for more information

March 20<sup>th</sup> through April 4<sup>th</sup>: Monday - Friday 9-4 and Saturday 9-12 (Closed Easter Sunday)

**TREE & SHRUB KEY:**

FE® - First Editions® PWCC – Proven Winners®

Whip – No branching, just the trunk Multi Stem – 4-5+ stems Clump – 2-4 stems

Stem – Height at which the tree is grafted

\* NYS invasive species see label for details or ask an associate.

**BOLD PRINT – native species and cultivated varieties to NYS per the USDA website.**

**Know your warranty...**Most, not all plants are warranted until October 1<sup>st</sup> of the year purchased.

You must return the dead plant before October 1<sup>st</sup> with the original receipt. We will not warranty through the winter. Plants labeled NO WARRANTY (i.e. Barn Buster Shrubs) or plants purchased for a 20% or more discount will not be warranted. Please call and speak to an associate before you dig up a plant for return, as we will only accept plants that are completely dead. We are happy to offer you suggestions if a plant is struggling. Please refer to your receipt for the full warranty. We will do our best to give you information needed to make your planting a success!

Thank you!

**POLLINATION REQUIREMENTS: even self pollinating varieties benefit from cross pollination.**

**Apple:** Most varieties require at least 2 different varieties of apples that ripen close together.

**Cherry:** Sweet Cherry Lapins, Stella & Sweetheart are self pollinating. All other sweet cherry varieties require at least 2 different varieties of sweet cherry to pollinate.

**Sour Cherry, Nectarine, Peach & Quince:** Self pollinating

**Pear:** Most varieties require at least 2 different varieties of common pears to pollinate.

**Pear:** Asian varieties require at least 2 different varieties of Asian pear or Bartlett to pollinate.

**Plum:** European varieties are self pollinating.

**Plum:** Japanese varieties require at least 2 different varieties of Japanese plums to pollinate.

**Combination and Espalier:** Self pollinating

**Peach Plum, Plumcot & Cherry Plum:** Pollinate with Toka or Japanese Plum varieties
